Verarbeitung: Problemlose Verarbeitung nach allen in der Polsterindustrie üblichen Verfahren (Nähen, Heften, Kleben, Nageln, HF-Schweißen). Keine lösungsmittelhaltigen Kleber einsetzen.

Reinigung: Bei normaler Verschmutzung einfach mit einem feuchten Tuch abwischen. Besonders empfehlenswert ist die Verwendung eines handelsüblichen Mikrofaser-tuches. Starke Verschmutzung mit der Lauge eines handelsüblichen Feinwaschmittels entfernen.

Processing: Trouble-free handling in usual upholstery-industry processes (sewing, tacking, gluing, nailing, HF-welding). No solvent adhesives to be used.

Cleaning: Soiled areas can be cleaned with a damp cloth. Particularly recommended is the use of a commercially available microfibre cloth. Stubborn stains require treatment with a commercial mild action detergent.
